

ACS honors its 50-year members in 2024

MANNY I. FOX MORONE, C&EN STAFF

The American Chemical Society and its local sections are honoring those who have reached 50 years of membership in 2024. This year, ACS has 841 50-year members worldwide; 25 chose not to have their names listed. To commemorate

the 50-year milestone, ACS gives each member a 50-year certificate, a special lapel pin, and a permanent member card entitling the person to free registration at all spring, fall, and regional ACS meetings.
